

2Source Manufacturing Inc.
Goodrich Landing Gear Contract Award
Press Release
December 13, 2010

**2Source has been awarded a multi-year contract
to supply Landing Gear bushings to Goodrich.**

MISSISSAUGA, Ontario, December 13, 2010—

2Source Manufacturing Inc. of Mississauga, Ontario announced that it has been awarded a long term contract to supply maintenance, repair and overhaul (MRO) bushing kits to Goodrich Corporation's landing gear business in, Burlington, Ontario for their Boeing 757 and C-17 platform overhaul requirements through 2014.

2Source's proprietary Quick Finish System™ will be used to meet Goodrich requirements for custom-sized bushings and accelerated lead times. These bushings will be supplied to Goodrich in serialized kits specifically-sized to each landing gear component's MRO-required dimensions.

2Source's Chairman and CEO Robert Glegg said, *"We developed the Quick Finish System™ to help aerospace leaders like Goodrich reduce their bushing replacement costs and landing gear overhaul lead times. Our Quick Finish System™ is just one of several best-of-breed methods and practices we have implemented at 2Source to improve our products, increase productivity, and add capacity for our customers. This contract award by Goodrich Landing Gear reaffirms our efforts to be at the forefront of providing innovative and cost-effective MRO bushing replacement solutions to the global aircraft industry."*

About 2Source Manufacturing Inc.

2Source Manufacturing Inc., is an AS9100 certified leader in precision machined bushings and bushing-like parts for aircraft landing gears. We are the OEM and MRO supplier on major platforms providing point of use kits to our customers' assembly operations in North America, Europe and Asia. Headquartered in Mississauga, Ontario, 2Source has the expertise, proprietary manufacturing systems and standardized lean processes in place to produce landing gear bushings with the shortest lead times and at the best possible prices.
